

ÇİZİK ALICI PASTA CİLA

Description

A formulation developed to provide superior protection and a glossy finish on car surfaces.

Applications

Car surfaces

Benefits

Effectively removes fine scratches on paint without damaging it, thanks to the micro-particles in its formulation.

Usage and Considerations

Wash and dry the car surface before applying the polish. Apply evenly on the surface using a sponge or cloth in circular motions, then wait for a few minutes. Wipe the surface with a soft cloth. Do not use on plastic, vinyl, or wooden components. Do not apply under direct sunlight. Do not apply when the car is hot.
