

# MAXIMA K 0W-20

Fully Synthetic Motor Oil

## Description

It is a new generation motor oil formulated with synthetic base oils and special additives, and designed for vehicles with emission reduction systems containing DPF and SCR.

## Applications

MAXIMA K 0W-20 has been developed to meet the latest standards for new generation hybrid technology vehicles and light commercial and passenger KIA vehicles with gas or diesel engines. Developed for vehicles requiring API SP and ACEA C5 performance level engine lubricating oil.

## Benefits

- Advanced technology to reduce friction, offering fuel economy and improved engine performance.
- Oxidizes up to 10 times\* longer thanks to improved oxidation stability.
- Minimizes engine wear at cold starts, extending engine life.
- Prevents deposit formation, keeping the engine clean.
- Protects the environment by contributing to low emission generation.

\* As per API SP limits

## Performance

API SP, ACEA C5

## Typical Specifications\*\*

SAE Viscosity Grade		0W-20
Density, 15 °C, kg/liter	ASTM D4052	0,844
Flash Point, COC, °C	ASTM D92	259
Viscosity, 40 °C, mm <sup>2</sup> /s	ASTM D445	46,4
Viscosity, 100 °C, mm <sup>2</sup> /s		8,7
Viscosity Index	ASTM D2270	169
Pour Point, °C	ASTM D97	-42

\*\* Values shown may differ between productions.
