

FREN BALATA TEMİZLEYİCİ SPREY

Description

High quality cleaning spray for removing dust, pad residue, and oil remains from brake systems.

Applications

Cleans residues formed on brake discs, brake master cylinders, engine, differential, transmission, and clutch. Also shows high performance in cleaning the outer surfaces of engine parts.

Benefits

- Easily cleans brake systems, helping to improve brake lag.
- Removes waste, including dried dirt.
- Allows brake and engine parts to be cleaned without disassembly.
- Leaves no residue and traces after use thanks to its high volatility.

Usage and Considerations

- Read the safety warnings on the product carefully before use.
- Do not apply on hot parts.
- Avoid contact with eyes and skin, and in case of contact, rinse the contact area with plenty of water.
- Do not inhale its steam.
- Do not use for other than intended use.
- Test before applying on plastic, rubber, and similar surfaces.
- Shake before use.
- Apply onto the desired area from a distance of 25-30 cm and wait for a while.
- If necessary, reapply onto the same surface.
- Allow it to dry or wipe the surface with a clean cloth.
