

# TORQUE FLUID 32

Paraffinic Based Transmission Oil

## Description

Transmission fluid produced with paraffinic base oils.

## Applications

Used in hydraulic torque convector and transmissions of heavy vehicles and equipments, and hydraulic transmissions of locomotives.

## Benefits

- Protects the transmission system against wear, by providing the required lubricant film even at low temperatures.
- Prevents rust and corrosion.
- Removes produced heat during long operations under heavy load.
- Prevents hydraulic pump cavitation due to high foam prevention and air release capability.
- Prevents deposit accumulation at high temperatures, and extends the life of the lubricant, due to perfect thermal stability.

## Typical Specifications\*

Density, 15 °C, kg/liter	ASTM D4052	0,880
Flash Point, COC, °C	ASTM D92	220
Viscosity, 40 °C, mm <sup>2</sup> /s	ASTM D445	33
Viscosity, 100 °C, mm <sup>2</sup> /s		5,40
Viscosity Index	ASTM D2270	96
Pour Point, °C	ASTM D97	-30

\* Values shown may differ between productions.
